Refuses to Sign Measures for Distribution of Annuities of Sac and Fox Tribes.

(By Associated Press.) WASHINGTON, D. C., June 29.-President Roosevelt to-day vetoed the bills "to provide for the annual pro rata distribution of the annuities of the Sac and

tribution of the annuities of the Sac and Fox Indians, of the Mississippi, between the two branches of the tribe," and "to survey and allot the lands embraced within the limits of the Blackfeet Indian reservation and to open the surplus lands to settlement."

The Sac and Fox Indian measure carried an appropriation of \$100,000 for the Iowa Sac and Fox Indians, to be taken from the annuities of the section of the tribe located in Kansas and Oklahoma. The Interior Department officials opposed the bill because the Iowa Indians had not gone before the civil courts and established their right to the money.

As to the other bill, it was regarded by the Fresident that the rights of the Indians were not safeguarded with sufficient care.

There is general rejoicing among the sheep relears of the county over the verdict obtained by Mr. Paul Pettit on the first day of the term, in the case of Cocke vs. Snead and others, for trespass. This suit was the outcome of a suit brought by Snead for the killing of a dog that was thought to be wortying Cocke's sheep, and for which, under the ruling of Judge White, the jury gave Snead damages.

The suit just decided, making fox hunting a trespass, will protect to some extent the farmers who have heretofore been at the mercy of the dogs.

The Educational Board of the coulity is interested in the endeavor to establish a high school at Palmyra for the ensuing session. Application has been made to the State Board for assistance, and it is thought that the school, which is much needed in this neighborhood, will be successfully inaugurated.
